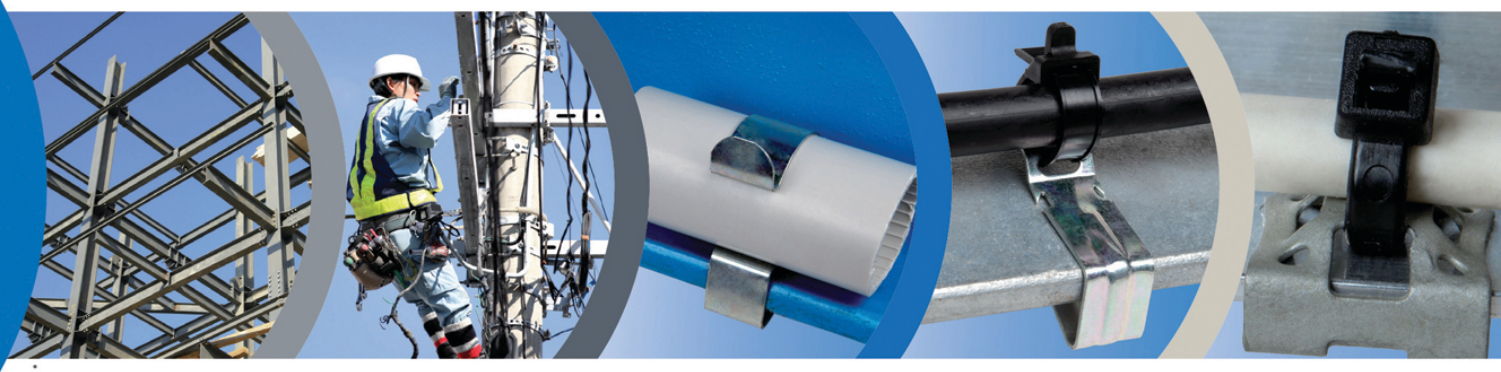
FASTENINGS TO SCRATCH, SCREW OR RIVET FOR CABLES, TUBES AND DUCTS



ADVANTAGES

))) Simplicity: replaces many different products

))) Versatility:
- Suitable for different supports
- Indoor and outdoor use

))) Excellent hold over time

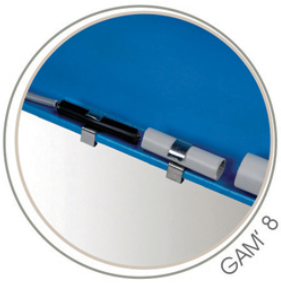
))) Quick and easy installation

))) Multi-use: can be combined with many different accessories

APPLICATIONS

Fastenings to scratch

- Fasten to panel edges, I-beams for medium loads
- Install by hand or using a mallet
- Compatible with various accessories (one-time or re-openable tie, tube support, threaded rod or M6 screw)



Fastenings to scratch

- Use to mount items with Ø 6–32 mm diameter
- For 2–12 mm I-beams
- Install by hand or using a mallet

Fastenings to scratch

- To attach one or several items to panel edges
- Scratch fastening for manual installation designed for light loads
- Use with a tie for greater versatility (3 possible directions)

Fastenings to nail, screw or rivet

- To mount a tubular part onto a panel
- Fasten using a screw, rivet, or nail
- Anti-rotation design
